

WASHINGTON LEGISLATORS Back to School

Who Represents Me?

How many individuals represent you:

In the state legislature?

In Congress?

What about in your city or county?

What about in your school?

Make a list of all the people—from your student council to the U.S. Congress—who represent you below. Then create an illustration to display your information.

How to find your representatives on the internet:

For federal and state representatives: Go to **www.dfind.leg.wa.gov/dfinder.cfm** and enter your street address.

For local representatives (county, city, port district, etc.) Go to **www.access.wa.gov** and follow the links from "Government - Local"

For school board members, go to **www.access.wa.gov/education/awk12.asp**, click on your school district, and follow the links to the school board.

If you do not have internet access: Call your county auditor's office (in King County, contact the Department of Records, Elections, and Licensing) or go to the public library.
